

How do I make a swing ?

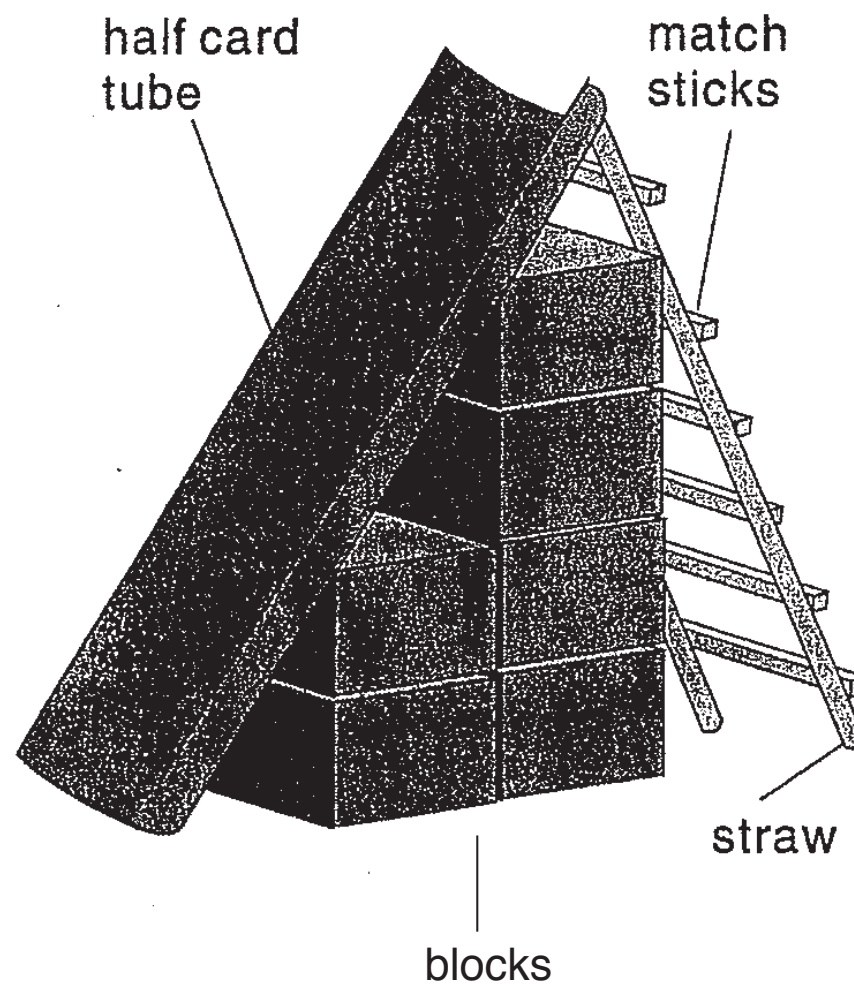

How do i join it?

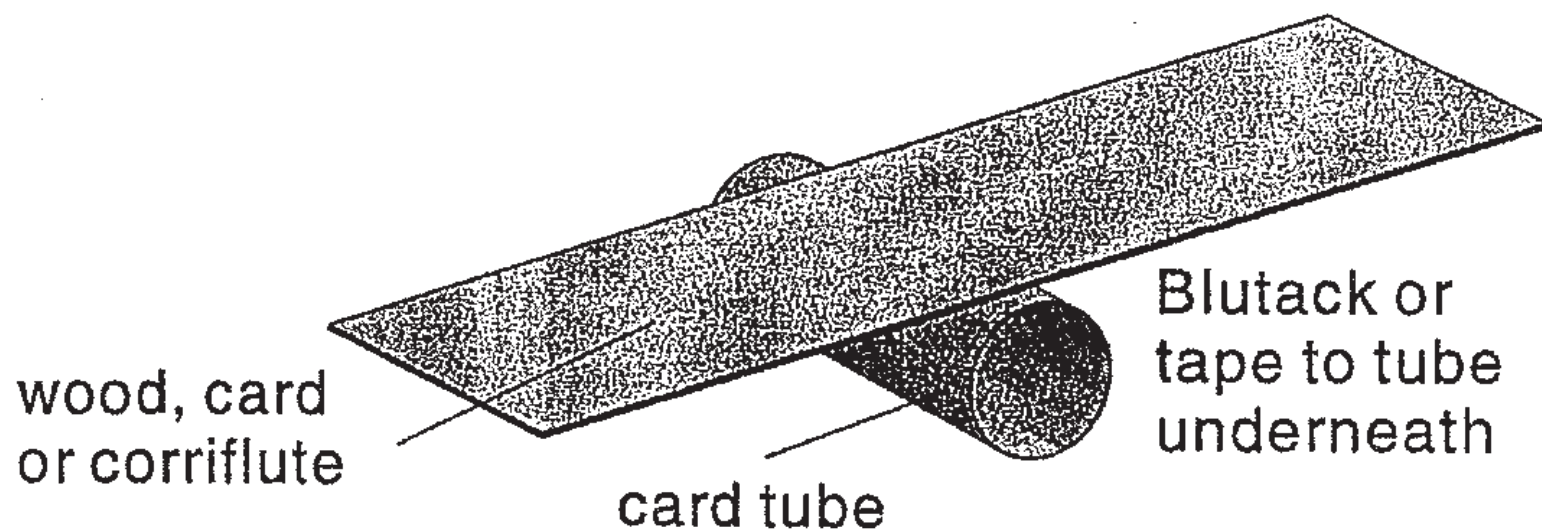

How do i make a seat?

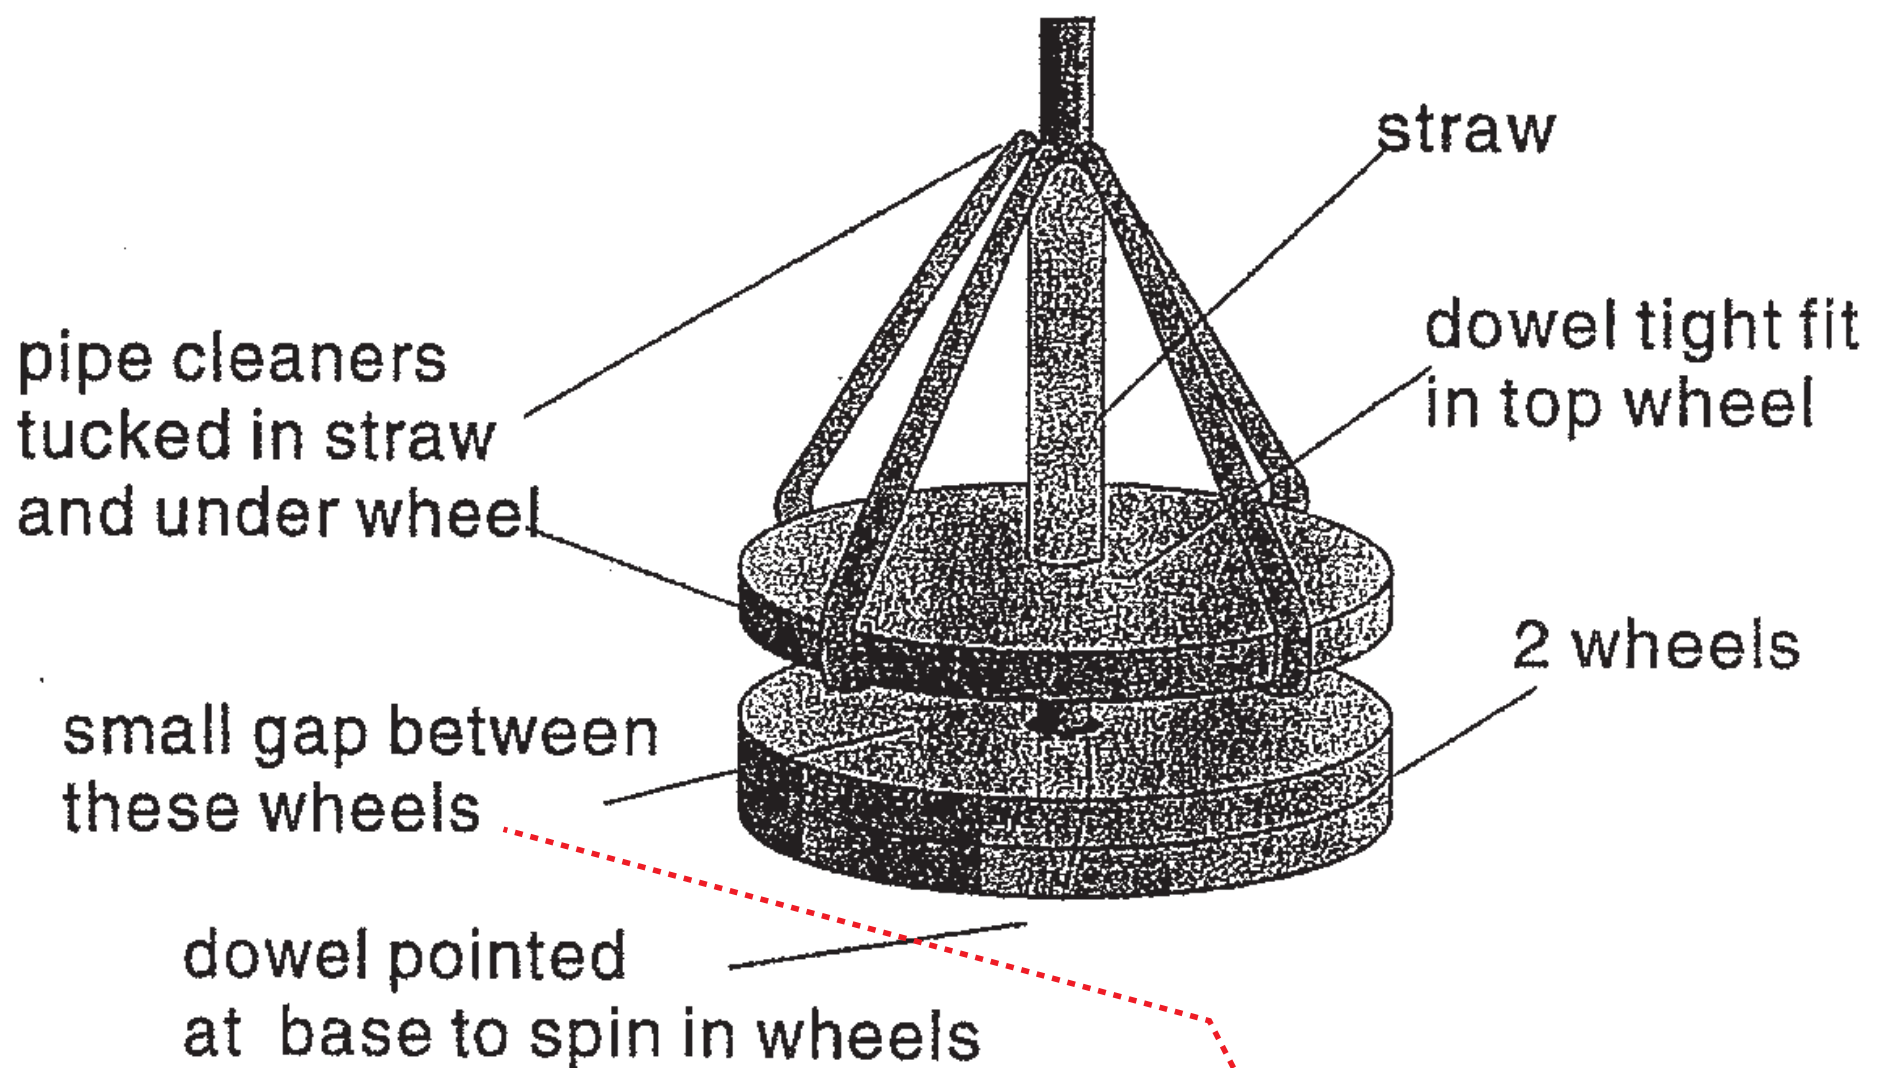

How do I make a **slide** ?

How do I make a **see-saw** ?

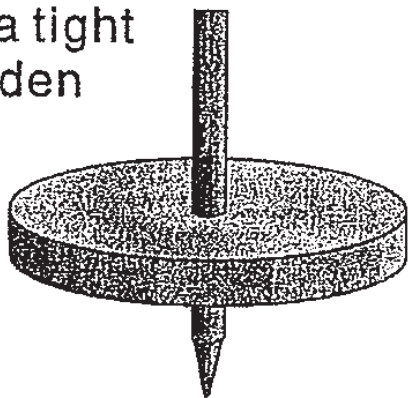

How do I make a **roundabout** ?

How do i make it spin?

dowel is a tight fit in wooden wheel

How do i make a gap between the wheels?

End stops - prevent dowel sliding out

e.g. - washers

- tape wrapped round

- plastic tubing

- rubber bands

How can I show **grass** ?

- green paper (or fabric or crepe paper)

How can I show **asphalt** ?

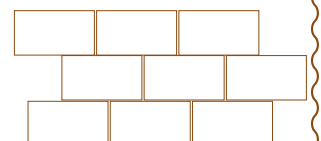

- dark grey or black paper (or fabric)

How can I show **gardens** ?

- the edge of the garden – use paddle-pop sticks
- the flowers - use small pieces of scrunched crepe-paper

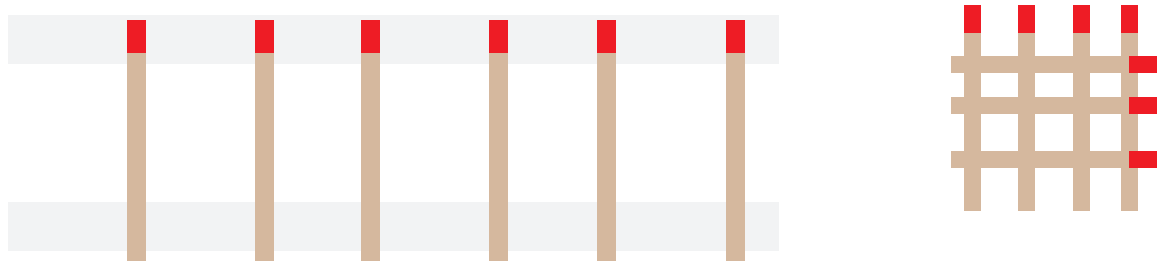

How can I show **buildings** ?

- use bits of cardboard or plastic to make a box.
- paint or draw on the box to show a brick pattern
- fold a rectangular piece of cardboard in half to make a roof

How can I show climbing equipment ?

- PVA glue some match sticks over the top of each other
- you can also make a ladder by sticky taping match sticks across a straw

How can I show safety sponge on the ground ?

- use felt or another material stuck over the top of your asphalt

How can I show stick things to the board ?

- use SMALL pieces of play dough
- or use masking tape

**Have you thought of
using.....**

To join things:

- **playdough**
- **wire ties**
- **masking tape**
- **PVA glue**
- **clear tape**
- **Miss Macarthur's hot glue-gun (if it's REALLY tricky)**

Unusual materials:

- **broken up bits of leaves (tanbark?)**
- **string (rope equipment?)**
- **painting it?**
- **adding a texture? (bricks? cement? wood?)**

signs? barriers? making it a nicer place?
